## Lecture Slated on Contact with Other Planets

With mankind faced with fear and a future that neither science, religion, or education has prepared them for, Ralph R. Huffman of Monrovia will present a lecture popular with students and the public at the next meeting of Understanding, Uunt 15.

His topic is "Seven Keys to Space," based on a personal experience that proved beyond doubt to Huffman that beings live elsewhere in the universe. Little of the subject can be found in books, although science is closing the gap fast.

## \$1 Polio Shots Slated

A clinic for \$1 polio shots will be held Tuesday from 2 to 10 p.m. at 4193 W. Redondo Beach Blvd., Lawndale. Volunteer nurses from neighboring churches will be in attendance. The charge will not exceed \$5 per family.

He will demonstrate that there is only one substance, whether you see it, smell it, or don't see it at all.

Understanding Unit 15 will present Huffman on Saturday at 8 p.m. at Darby Park Recreation Center, 3400 Arbor Vitae, Inglewood.

Reservations are being made with Lee A. Yates, AX 8-4743.
